

23 April 2019

Significant Event Notice: Closure of the Working Visa and International Fixed Interest Investment Options

We regularly review the Investment options we offer and following one of these reviews, we've decided to close the Working Visa and International Fixed Interest Investment Option to new members effective the 23 April 2019.

In taking this action, Tidswell Financial Services Ltd (the **Trustee**) has acted in accordance with clause 27 of the Fund's Trust Deed to terminate the investment options and provide notice to unit holders to this effect.

As a result of these closures, existing members need to make a **new investment choice**.

Members have two choices:

- **choose to invest in another investment option or options** - from the range available online at <https://www.maxsuper.com.au/members/investment-options/>.
- **choose to do nothing** - if the member does nothing, their funds will automatically switch and redirect any future contributions into the following Investment Option, which has been chosen as an alternative:
 - **Working Visa Option** to **Cash Investment Option**
 - **International Fixed Interest Option** to **Income Investment Option**

Member's choosing a new investment option or options have until the 24 June 2019 to make the switch.

If the Trustee hasn't heard from the member by the 24 June 2019, the funds will be moved into the Investment Options mentioned above. For more information on the other investment options available, please refer to the PDS at www.maxsuper.com.au.

Existing members will be communicated with separately by the Trustee.
